About Hindtech Learning Point

Hindtech Learning Point is an outcome-focused up skilling platform for tech professionals. Our industry-approved approach to teaching helps our learners up skill and transition into their dream tech roles.

In association with **Skill India** and **NSDC**, we present the Summer Training & Apprenticeship Program 2024, committed to providing hands-on practical experience in IT technology. This program is designed to engage students with industry professionals from the beginning and maintain this relationship throughout their curriculum.

As a renowned name in the tech industry, we are known for our expertise in software development, web design, mobile app development, and more. With a team of experienced professionals and a track record of delivering innovative solutions, we are passionate about sharing our knowledge and expertise with aspiring technologists.

Specialising in Software Training Development, we strive to push the boundaries of what is possible in the digital realm. We deliver high-quality software, robust software solutions, and comprehensive training programs that propel our clients and trainees towards unprecedented success.

About Hindtech Learning Point Training Program's

HLP Training Program's is an industry - recognized program designed especially for working professionals that focuses on:

1. **Building the Right Skills:** Equipping participants with the essential skills needed to succeed in top product companies, ensuring they meet industry standards.

Our instructors and mentors, highly rated by professionals up skilling with us, have extensive experience in industry-scale software development projects. They are also well-versed in the best strategies to succeed in such organisations.

Ankit Sonkar
*Learn from Industry Experts | **Founder***

Exp : **6 yrs.**

I have been a passionate Flutter developer since 2019. With years of hands-on experience in mobile app development, I founded Hindtech Learning Point to share my knowledge and expertise with aspiring developers. As both the founder and chief instructor, I am dedicated to providing high-quality education and training to help students excel in the dynamic world of technology. Join me at Hindtech Learning Point, where we turn passion into profession!

At Hindtech Learning Point, my mission is to empower students with the skills and knowledge they need to thrive in the ever-evolving tech landscape. I believe in a practical, hands-on approach to learning, where students can apply theoretical knowledge to real-world projects. This methodology not only enhances their understanding but also prepares them for the challenges of the industry.

FOUNDER'S MESSAGE

" I am committed to creating a supportive and engaging learning environment where students feel inspired to explore their potential and achieve their goals. My teaching philosophy centers around personalised attention, ensuring that each student receives the guidance and support they need to succeed.

Join me at Hindtech Learning Point, where we turn passion into profession, and embark on a journey to technological excellence. Together, we will explore the exciting world of IT, develop cutting-edge skills, and pave the way for a successful career in technology. **"**

OFFICE INDOORS

TRAINING TYPES

Our array of training programs is crafted to empower individuals and organizations with the essential skills and knowledge to thrive in today's dynamic tech landscape. Our offerings include:

1

Summer Training:

Our summer training programs provide students with an opportunity to gain hands-on experience & practical knowledge in various cutting-edge technologies during their summer break.
Audience: Individuals pursuing B.Tech / M.Tech / BCA / MCA / Diploma

2
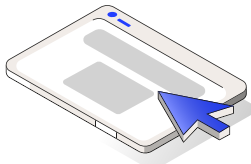

Apprenticeship Programs

Our apprenticeship programs combine on-the-job training with classroom instruction. We partner with top organisations to provide IT job opportunities. Audience: B.Tech / M.Tech / BCA / MCA / Diploma holders with little or no work experience.

3
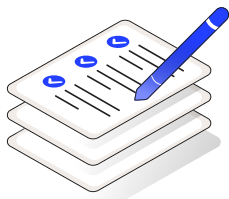

UI/UX Designing

Our UI/UX design course focuses on practical learning and industry partnerships. We collaborate with leading organizations to provide career opportunities in the design sector. Audience: Individuals pursuing UI/UX design careers with minimal professional experience.

4
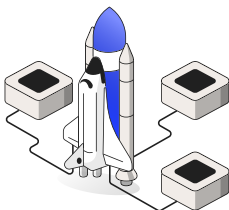

Job Oriented Programs

Our full-stack app and web development programs focus on practical skills and industry partnerships, providing career opportunities in these fields. Audience: Individuals with limited professional experience pursuing careers in full-stack app and web development.

HLP Alumni's Reviews

Priyanshu Verma
Summer Training | ★★★★★

My experience at Hindtech Learning Point has been nothing short of exceptional! Under the mentorship of Ankit sir, I've gained deep insights into Flutter development that have truly transformed my skills. His dedication to teaching and clear, structured approach make learning enjoyable and incredibly effective. I highly recommend Hindtech Learning Point to anyone looking to excel in app development.

Ayesha Hussain
Job Oriented Training | ★★★★★

Studying full-stack Flutter development under Ankit Sir at Hindtech Learning Point has been a rewarding experience. His expertise, coupled with his enthusiasm for teaching, created an engaging learning atmosphere. I feel well-prepared to embark on a career in app development, thanks to the practical insights and hands-on experience gained in his classes.

Ajay Yadav
Apprenticeship Training | ★★★★★

Apprenticeship program in software development at Hindtech Learning Point has been a transformative experience for me. Amit's sir, mentorship has not only equipped me with technical skills but also instilled in me the confidence to tackle real-world challenges. I am grateful for the opportunity to learn and grow under his guidance.

CERTIFICATES & RECOGNITIONS

We are an ISO 9001:2015 certified Software Development Firm.

Certificate of Completion

This Certificate of Completion is presented to acknowledge the successful completion of a comprehensive course or program. It signifies the recipient's dedication, perseverance, and mastery of the subject matter. This achievement demonstrates a commitment to personal and professional growth, showcasing the ability to apply acquired knowledge and skills in practical settings. It reflects a significant milestone and a readiness to take on future challenges with confidence and expertise.
